

DevReach 2008 - cea mai mare conferinta de tehnologii Microsoft din Europa de Est

Locul desfasurarii: EXPO CentreSofia, Bulgaria

Organizator: Telerik & kulov.net

DevReach 2008 este a treia conferinta tehnologica consecutiva care promite sa devina evenimentul .NET cel mai important din Europa anul acesta. Programul include peste 40 de seminarii care vor decurge in paralel, organizate in 4 sesiuni. DevReach 2008 ofera posibilitatea participantilor de a se familiariza cu noile tehnologii Microsoft - Silverlight si Entity Framework, si de a intelege care sunt noile tendinte in utilizarea WCF, WF si WPF. Inregistrarea la conferinta este deja deschisa la www.devreach.com.
